

ANNEX VI - LIST OF RESEARCH PERFORMING BENEFICIARIES OF THE FOREST PARTNERSHIP

The table below lists all 49 beneficiaries of the FOREST partnership who might apply for funding under this Joint Call. Please be aware that inclusion of any Partner/Associated Partner among these organisations in a consortium will not have any influence on the evaluation procedure or the scores awarded to proposals. All pre-proposals and full proposals will be judged solely on their own merits.

The organisations listed below have been strictly excluded from all activities related to the preparation and implementation of this Call and have no prior information concerning the Call or additional insights beyond what is outlined in the official, publicly available Call documentation.

The FOREST beneficiaries that are not so listed may not apply for funding under the Joint Calls. Each FOREST beneficiary allowed to apply to the External Calls has indicated in the Grant Agreement its individual measures to mitigate conflicts of interest (where applicable).
